

Celebrating Children's Day.....

Nothing you do for a child is ever wasted.

GARRISON KEILLOR, Leaving Home

The Junior Wing of DAV Centenary Public School, Paschim Enclave organized a cultural programme for the children on Children's Day. Tiny tots of Pre School and Pre Primary looked like little angels decked up in their party attires.

It is said that everything is a ceremony in the garden of childhood. Children are like clay. We can mould them in any form or shape. We, at DAV try to foster self confidence in our children from the very tender age. Many applaudable performances were given by the tiny tots of classes Pre School and Pre Primary which won the hearts of the audience.

Ms. Kiran Jawa, Supervisory Head of the Junior Wing wished the students on this special day. The function ended with a commitment from the students as well as the teachers to live by Chacha Nehru's dream. All the students returned home with great admiration and love from their teachers.
