

Cultural Extravaganza enthralls all

"Children are likely to live up to what you believe of them."

The tiny tots of Pre School and Pre Primary of **DAV Centenary Public School** proved this saying right with their performances in '**Cultural Extravaganza**' - **A Palette of Talent**' organized on **4th February 2012** in the lush green lawns of the junior wing. The event witnessed enthusiastic participation of all the students of Pre School and Pre Primary. The parents of all the participants were invited to grace the occasion.

The lamp of knowledge was lit by the honourable Principal Ms. Manju Malik, Supervisory Head, Ms. Kiran Jawa and the worthy parents of the kids. The show commenced with an invocation to goddess Saraswati with *Pushpanjali* which was followed by a springtime furry song. The kids gave an enticing enactment to spread the message, 'Nurture the Nature'. The students decked up like butterflies, danced around and dazzled the audience. The students of Pre-primary synchronized their steps and gave an enthralling dance performance.

An alluring act of drama 'Eat Healthy Be Healthy' showcased a funny debate between junk food and healthy food. It was followed by a charismatic dance number '*Solemnizing Ceremonies*' in the world of fruits & vegetables. The young models personified the world of flora and fauna in fashion fiesta. The icing on the cake was added by a foot tapping dance presentation by the pre-schoolers which tantalized the viewers & made them dance to their tunes.

The parents cherished the superb performances of their little ones. Principal Manju Malik applauded the ardour of the students and the staff for presenting such a magnificent show. Supervisory head, Kiran Jawa rendered vote of thanks to all the parents for witnessing the stupendous show.

Like all the good things, Cultural Extravaganza also came to an end with a promise of coming back next year.
