

Christmas Jubilations at DAV

Christmas Day mark the birth of Lord Jesus Christ. Celebrations of Christmas are marked by carols, cakes, candles and decoration of Christmas tree. The little angels of our school also celebrated Christmas with pomp, vivacity and devotion on December 23, 2011. They decorated the Christmas tree, sang carols with their teachers and learnt about the importance of this auspicious day.

The tiny tots had a fun filled time and enjoyed a lot. The most entertaining part of this celebration was when a student decked up as Santa Claus appeared among them. It was a moment of exhilaration for the little ones and they thronged him. They touched him and were delighted to get sweets from the survival of the legends Saint Nicholas or Santa Claus.

Kids enjoyed this great day and made it even more special with their vivacious smiles and laughter.
